

## Treacle a Bit of Poetry

In order to get the safety messages across to as many people as possible we would like you to write a piece of poetry/ limerick, a short song or a Rap to pass on a message about keeping safe during Halloween and Bonfire season.

Here is an example of a limerick:

There was a young lady from Bury. Who set off her fireworks in a hurry. A rocket went bang, Help and ouch she sang. Now she's off to the hospital and sorry.

I am sure you can improve on these efforts, have a go below:
